

# YZ360A

 **YAMAHA MOTOCROSS**

Championship performance can be defined, on many motocross tracks, as which machine finishes; not when. . . which. Fully understanding what is required of a dirt bike to finish, and combining further features to yield performance virtually unheard of on a works machine, the YAMAHA technical group put together the YZ360. And from its introduction, this machine has won world acclaim for its almost complete domination of the tracks.
