A motorcycle.

Your Yamaha dealer has *real* bikes in as many different shapes and sizes as there are kids.

For aspiring competition riders, consider our very competitive YZ motocrossers. Lightweight, agile, and plenty powerful.

Or, for kids whose idea of competition is just seeing who can have the most fun in the dirt, our dirt play bikes pack all the horsepower a kid could hope for in an easy handling, motocross-style frame.

Our dual purpose DT models combine off-road agility with full street-legal lighting and instrumentation. Ideal for anyone needing basic transportation as well as a basic good time.

Whether you have a good idea — or absolutely no idea — of what your half-pint hopeful wants, your Yamaha dealer can help. He'll also give you 10% off on a Yamaha helmet if you bring in the coupon on the next page.

And he'll see to it you turn up the king of hearts on Christmas morning.
