At the First National AMA Event of the season, 35,000 cycle fans jammed into the ASTRODOME to watch the 90 fastest dirt trackers compete.

87 out of the 90 rode on Pirelli tires!

FOR SAFETY'S
SAKE...
SPECIFY
PIRELLI

Including Mr. #1, Gary Nixon. Racers have their choice of any number of tires but 9 out of 10 ride Pirelli. Why? . . . Because a Pirelli grips the "groove" and gives that added margin of "stickability". Don't be fooled by imitators . . . specify Pirelli. Mr. #1 does.

You're smart to order now because when someone comes in your shop for a Pirelli they won't accept a substitute or cheap imitation. Make sure you always have a good supply on hand.

AGV/COSMO HELMETS

All Helmets Code (2)

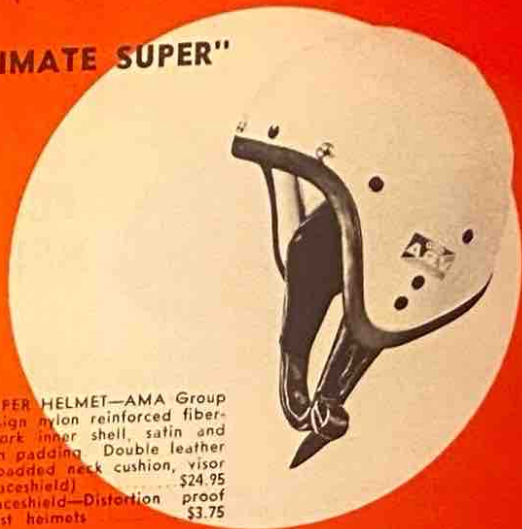

AGV helmets are designed and constructed by the "Worlds Largest Helmet Manufacturer". The plant in Valenza, Italy is constantly testing new materials and ideas to maintain their position as the worlds' leaders in the field.

The superb full coverage helmets meet the standards of virtually every major testing organization such as the AMA Group 1, USSI Z90.1, all states requiring approvals. They are considered by authorities as the "Most Perfectly Proportioned Helmet" and because of new improvements as the safest. Recently even the Snell Foundation has approved several AGV helmets.

No component is substituted because of price. Genuine kid skin leather and nylon reinforced fiberglass is used. New resilient liners trimmed in satin and tough epoxy outer coatings enhance the safety and appearance.

The **DYNAMO** **COMPACT**

by
Benelli

ONLY **299.00** F.O.B. PHILA.

Wow! The most exciting new cycle, ever to come along. The Dynamo is built to be taken anywhere. Light weight and with collapsible handlebars, you can stow the Dynamo in your car trunk, boat, airplane practically anywhere. And when you're ready to ride it, you see where Benelli's sixty years experience of building motorcycles comes into play. The Dynamo from Benelli is the same size as a mini-bike, but that's where the comparison ends. The Dynamo is equipped with a 4-speed, 50cc engine capable of top speeds of over 50 M.P.H. A soft double seat plus a true suspension system smooths out the roughest roads for you and your partner.

Make no mistake about it, the Dynamo is no toy. It has been made to match the performance of full cycle 50cc cycles while offering the advantage of its small frame.

The Dynamo is available in shimmering metallic blue or red, equipped with famous Pirelli tires for road "stickability" and the Dynamo can be legally operated in street traffic.

Here's the one you've been waiting for. Production will be limited so we suggest you order through your Benelli dealer today.
