# A word about the material

All of the products shown here are made from expanded vinyl produced in the United States. It is abrasion-proof, waterproof, wear-resistant, color-fast, non-peeling, and permanently bonded to a soft fabric backing. The material is easily maintained with a damp cloth, vinyl cleaner, or even a garden hose. The material is readily available and, unlike leather, the price is *NOT* going out of sight.

Dear Motorcycle Dealer:

We would like to introduce you to a great new line of motorcycle clothing and accessories. The four page brochure will give you all the details.

The hundreds of dealers who are handling our products now have found that they turn very fast . . . because of price, quality and style. We want you to have the same profitable experience.

Enclosed you'll find a price sheet, order form and reply card. It is VERY IMPORTANT that you return the reply card promptly so that we can send one of our representatives in to see you. Once you see the line you'll want to add it to your accessory selection immediately. Or simply check off the items that interest you on the order form and we will rush you your samples.

Retail activity is holding up very well and there should be no let down as we move into September. Let us hear from you right away. We are confident you will be excited with the profit potential in this fresh new line of accessories. Thank you.

Very sincerely,

Same B. Carse
