

RD125

www.legends-yamaha-enduros.com

Most people like a motorcycle not only because it's fun, but also because it's economical. The machines these people are riding is Yamaha's all new RD125. This is a dependable, easy-handling machine you take anywhere, in town, or anywhere out of town. It has Yamaha's exclusive Torque Injection™

valve intake system, to give consistently reliable power at the speeds of city traffic. And a new frame design to make your ride extremely comfortable.

The RD125 is equipped with Automatic™ to save you the time of adjusting your gas and oil. And a primary kick starter, to save

you the trouble of having to straddle around for parts.

The great new RD125 is dependable, economical and easy to maintain. And it'll make going where you want to go a lot more fun than it's ever been before.

Twin cylinder engine is essentially the same engine that powers the high performance Yamaha T125 road race 40 consistent victories.

Clear tank, five speed transmission helps keep gas clean, improves fuel economy in virtually all riding situations.

Torque Injection™, Yamaha's unique jet-like system, utilizes a reed valve to feed the engine the exact amount of fuel and air it needs. The result is that horsepower is increased, particularly at low rpm's.

Automatic™, a feature on most Yamaha two-stroke engines, automatically injects oil into the fuel mixture, eliminating the need for premixing. And, since it adjusts the flow of oil to engine load and speed, it extends engine life.

RD125B

PERFORMANCE

Max. speed range	27-45 mph
Min. turning radius	22.7 in.
Min. braking distance	4.0 ft. (1.2 m)

ENGINE

Type	2-stroke, Torque Induction, 2-valve
Displacement	124 cc (7.6 cu. in.)
Bore & Stroke	1.85 x 1.85 in.
Compression ratio	10.0:1
Max. torque	9.4 ft.-lb. (12.8 Nm)
Lubrication system	Wet-sump*
Starting system	Primary Kick starter
Ignition system	Battery
Transmission	5-speed gearbox

DIMENSIONS

Overall length	76.2 in.
Overall width	32.1 in.
Overall height	41.7 in.
Wheelbase	46.8 in.
Min. ground clearance	6.1 in.

FUEL TANK

Capacity	3.0 U.S. gal.
----------------	---------------

OIL TANK

Capacity	1.6 U.S. qts.
----------------	---------------

TIRES

Front	2.75-18-4PR
Rear	3.00-18-4PR
