

GET INTO THE GEAR THAT'S GEARED FOR ACTION.

www.legends-yamaha-enduro.com

50¢
1976 YAMAHA MOTORCYCLE ACCESSORIES AND SPECIALTIES.

When you wear Yamaha you're wearing much more than just comfort, style and quality. Because each sweater and shirt we make bears the official Yamaha track graphics. It's a bold, colorful statement that shows you're a person of action. (Styles shown are all available for men. Many come in ladies' and children's sizes.)

CASUAL GEAR.

Yamaha Sweaters

Choose one of three colors — Yamaha yellow, sky blue or rich wine — each with the famous Yamaha "track" graphics. Available in a choice of turtle or crew neck styles, perfect for riding, hiking, boating or any outdoor activity. Featuring longer body length for easy movement. 100% Virgin Orlon Acrylic. Machine washable and guaranteed colorfast. Available in popular men's and ladies' sizes.

Plackets

Match perfectly with the casual denim look. European-styled 4-button Placket fashioned from a cotton and dacron blend. Available in short sleeves in yellow, blue or wine. Long sleeves, yellow only. 100% machine washable. Four popular sizes for men and women.

Competition Jackets

The official Team Yamaha Competition Racing Jacket is just like the ones our racers wear. Made of cotton and polyester. Colorfast and wash-and-wear with quilted interior lining, 100% nylon knit cuffs, full-length zipper and slash pockets. Yamaha yellow with black graphics. Come in XS, S, M, L, XL.

Tank Tops

Great for spring and summer. With double-reinforced rib neck and arm seams. Available in both adult and child sizes, in yellow or blue.

Turtleneck Shirts

Good looking wash-and-wear. In long sleeves with rib-knit cuffs and neck.

Knit Vests (Sleeveless Sweaters)

100% Virgin Orlon with stylish scoop neck. Yellow, red and blue. In four adult sizes. Machine washable and colorfast.

Yamaha Belt

Great for jeans or dress slacks. Embossed with Yamaha design, 100% split cowhide. 1 3/4" wide in antique brown with brass antique buckle. Waist sizes 24-40.

Action T-Shirts

Super hi-color designs for whatever kind of motorcycle action you're into. Action Motocross, Flat Track or Road Race designs on back. Yamaha Track graphic "Number One" design on front. Short sleeves, five sizes. 100% cotton.

Crew Neck Shirts

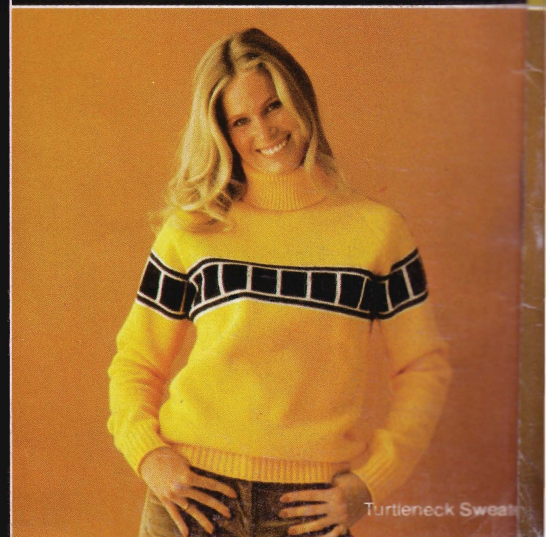

Rough and ready 50/50 cotton/dacron blend for easy wash and wear. Short sleeves, with rib-knit collar. In high-visibility yellow, blue and wine with black Yamaha graphic design. (Kids sizes, too.)

Knit Cap

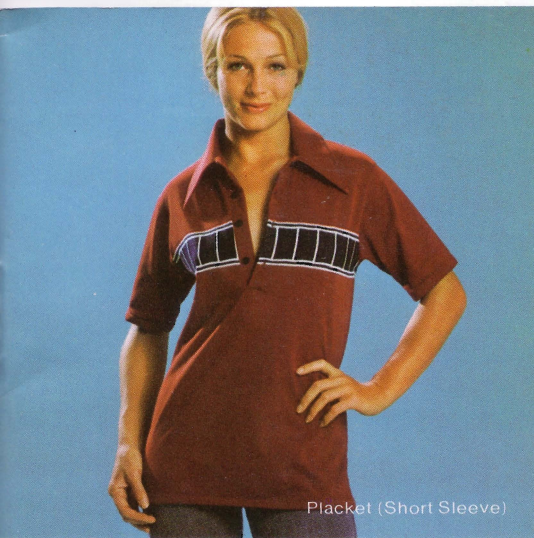

Show your colors in cool weather with a bright, knit watch-style cap. Team Yamaha graphic design woven right into cap. One size fits all. 100% machine washable.

Yamaha designed this gear to go the distance, and in comfort. Gear that can make the difference between more miles and easier days.

Let Yamaha help you ride and arrive in style.

TOURING GEAR.

Men's Wind Shirt

Yamaha combines great protection and distinctive style in a fine all-purpose Wind Shirt. Features snap sleeve, large snap pockets, inner weatherproof coating, and a comfortable sewn-down collar. Classic high quality blue denim, in sizes S, M, L, XL. Ladies' high fashion western style wind shirt comes in 2-tone brown or blue, sizes S, M, L.

All-Weather Riding Suit

Fashionable 2-piece riding gear constructed from an antron/nylon blend material. Hydrostatically tested for maximum moisture protection. For wear over casual or business clothes, the suit is designed for maximum comfort and protection in temperatures ranging from cold northern winters to the sunny summers of Southern California.

Features back ventilation flap for all-weather comfort, 2-way large tooth zipper for riding comfort, and mandarin-style collar with a velcro closure to seal wind out and comfort in.

Six extra large "bellows-type" pockets, fully lined and weatherproofed, provide plenty of storage space.

The jacket is available separately, and has an easy to remove zip-in, zip-out pile lining for warm weather riding.

Pants have 3-way snaps at the cuff for perfect fit around your boot tops. All seams are double-stitched and reinforced in critical areas.

100 percent adjustable belt, made of heavy-duty nylon with two chrome buckles. Fully adjustable cuffs with velcro closures for maximum comfort. Suit is entirely machine washable. In S, M, L, XL. Dark navy blue color.

Yamaha Trials Cap

Tops off any action outfit. Fully washable, cotton-poly blend material with Yamaha patch and stylish snap brim. Available in four sizes to fit almost anyone.

Enduro Gloves

Split cowhide (smooth side out) features heavy-duty stitching with reinforced, suede covered finger and thumb protection, with elastic wrist bands. Special "pre-cupped palm" cut of leather for precise fit and control. Two-tone color in S, M, L, and XL sizes.

Street Gloves (Gauntlets)

Yamaha's own street gloves give you super protection with hi-styling. The tall gauntlet top makes them easy to wear and fits over your jacket cuffs for maximum protection in cold weather. Quality interior foam lining. In black or brown in four sizes.

Parkas

Perfect for cool weather riding. Classic western-style, in high-visibility yellow. Ultralight, extra warm Fortrel Polyester lining with weather repellent nylon outer shell. Nylon-belted for extra fit, with adjustable snap sleeves, and large, double-snap safari pockets. Comes in S, M, L, XL.

The Trials Cap

The same quality that goes into Yamaha's Championship MX bikes also goes into our own line of Action Motocross gear.

It's all made from top quality materials to rigid Yamaha specifications and designed to be the finest gear on the track. (Available for men, with ladies and kids sizes where noted.)

MX GEAR.

Enduro Boots

For enduros or cow-trailing, rough, durable Yamaha Enduro Boots set the standard for off-road riding comfort and protection. Non-scuff leather on inside of ankle area protects against wear. Full 6-buckle adjustment for comfort. 100% weatherproof internal front gusset for added comfort. Longer vamp protects against shift lever damage. Extra deep ankle and interior padding. Heavy-duty vibram-lug pattern soles. A back stripe in Yamaha yellow accents every boot. Sizes 6 through 13. Choose from a yellow or black front vamp style.

Riding Socks

Tall Riding Socks in bright red, blue or yellow. 80% orlon, 20% nylon, with terry cloth inner construction to resist dampness and perspiration. Roll-over rib cuff. One size fits all. Complements all color coordinated Yamaha MX and Riding Apparel. For men, or ladies and kids.

Chest Protectors

Foam-padded and ribbed for maximum protection, without a lot of weight. A must for competition riding. Standard, or special small size for ladies and kids.

MX Gloves

These new MX gloves offer the comfort of 100% cowhide combined with the protection of heavy foam rubber padding for back of hand. Available in all popular sizes.

Riding Belts

Designed for comfort and support. Made with heavy black canvas back and elastic side panels. Back supported by three leather ribs. Our belts look good and also help make touring and competition riding safer and more comfortable. In adult and children's sizes.

Yamaha MX Boots

Built tough with a Yamaha "exclusive" feature: *buckle and lace* fastener combination for extra support of both the foot and ankle. Gives you additional comfort while still maintaining that necessary "feel." Features double stitching at all stress areas, a spring steel shank, high abrasion resistant sole, a seven-buckle outer adjustment, metal front toe protectors for added life, 100% heavy-duty cowhide, extra hard reinforced laminated box toe, fully lined and padded interior, foam padded shin guard, stylish yellow accenting, a full 16 inches in height. Popular sizes 6 through 13, and half sizes.

MX Jersey

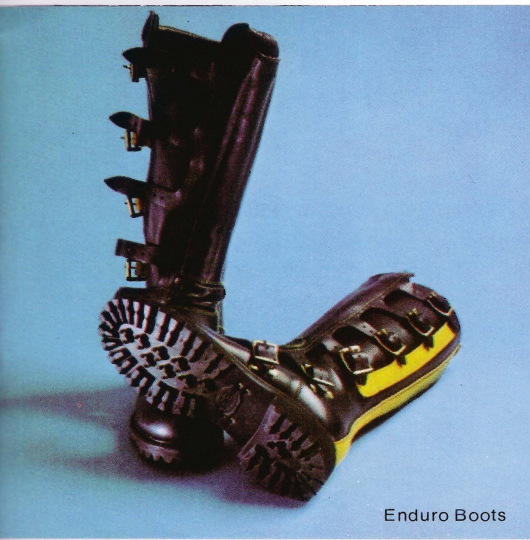

You'll be vibrantly visible in yellow, brilliant blue or bright red Yamaha colors. Yamaha graphic on front and sleeves. Machine washable. Tear resistant nylon. Double-layered shoulders and padded elbows. A genuine Team Yamaha MX jersey. (Available in kids' sizes, too.)

Genuine Yamaha Motocross Leathers

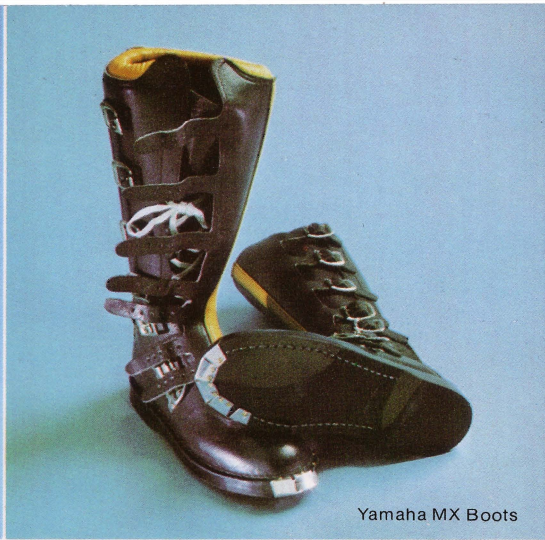

A super comfortable, super tough set of MX leathers that live up to Yamaha's racing name. Tough, 100% goatskin, with special expandable crotch construction that moves with the racer. Protective knee cups and safety hip and thigh padding. Features saddle seat design and Yamaha name on bold side stripe. Black or gold colors. Sizes 28-38.

Yamaha Boots for Ladies & Kids

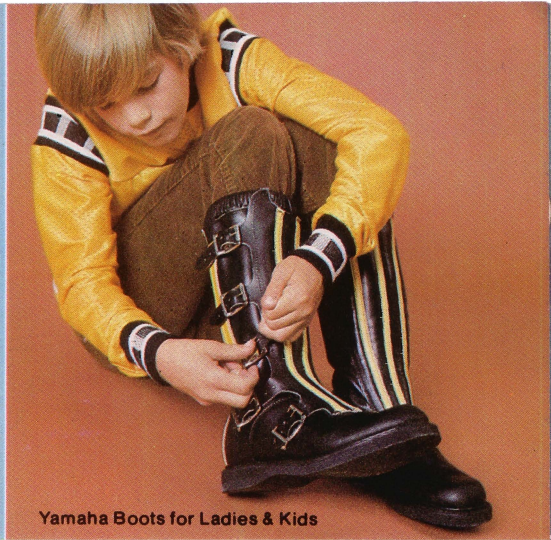

With the same quality and attention to detail, Yamaha Motocross and Enduro Boots are made also for kids and ladies. 5-buckle adjustment. Three yellow leather vamp stripes for that "racy" look.

Yamaha designed this gear for comfort and safety on the street or while touring.

Each item is specially designed for easy and rapid installation on your Yamaha motorcycle. Beautifully finished in rich, dual-nickel chrome plating. And built to last.

Yamaha Street Gear lets you style your bike for top performance and ultimate appearance.

STREET GEAR.

clutch life by preventing oil breakdown due to heat. Their Swirl-Cool core extracts hot oil from the engine and sends it through the cool air to help your machine run smoother and longer. Each one comes with complete instructions and is easy to install.

"Shorty" Locking Back Rest

Support for passengers plus a convenient locking compartment for gloves, tools, etc. Available for 250 through 750 cc Yamaha street bikes with luggage carriers.

Sure-Support Zipper Back Rests

Designed and tested for passenger comfort. Features a 2" deep storage compartment for gloves, goggles, extra plugs or anything that makes touring more enjoyable. Highest quality 3/4" steel tubing with rich dual-nickel chrome finish makes this unit the strongest on the market today. Quilted black vinyl, deep padded back rest cover. *For complete stability, this unit should be installed with the Yamaha luggage rack.* Exclusively engineered for Yamaha street machines. Bolts on in minutes with ease.

Luggage Carriers

Designed exclusively to fit your Yamaha perfectly. Double tubing for maximum strength, perfectly smooth brass welds for good looks, plus an inlaid vinyl strip for added style. Can be mounted alone or with the Yamaha Sure Support Locking Back Rest. Bolts on instantly and easily. Dual-nickel chrome plating, the highest industry standard, makes Yamaha luggage carriers the best quality, best buy for your motorcycle.

Yamaha Star Mags™

Ride the look of the future on these Yamaha Star Mags. Daytona-tested at over 200 mph, yet they're lighter and stronger than stock spoke wheels. Bolt right onto your Yamaha with no special adapters required. Machined disc brake and bearing surfaces match all Yamaha original equipment for easy installation. Perfect concentricity assures a perfectly balanced wheel and smoother ride. Eliminates need for truing and adjusting spokes. Bring your 500 or 650 Yamaha into the future with these super wheels.

Front and Rear Safety Bars

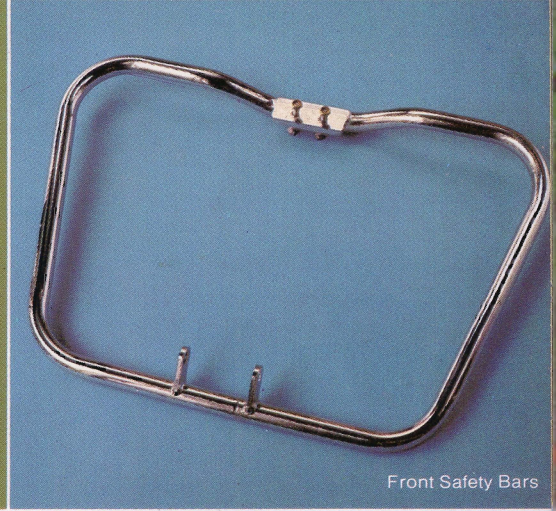

Custom designed to add style to Yamaha street machines. Sturdy dual nickel chrome plated 1" diameter steel tubing with smooth brass welds. Stainless steel screws and Nylock nuts are included for the front safety bars. For Yamaha street models 250 through 750 cc. Install easily.

Oil Cooler Systems

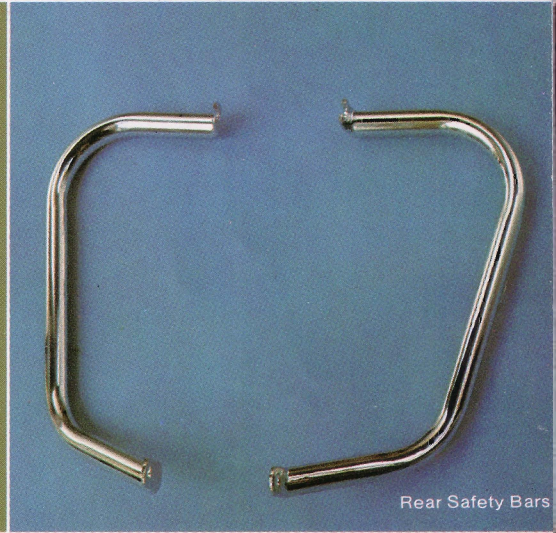

For the street touring rider who wants better performance. Yamaha oil cooler systems are designed to extend engine, transmission and

For style, comfort and the utmost in protection, your Yamaha dealer has the biggest and best selection of safety gear in motorcycling.

SAFETY GEAR.

Duckbill Visors

Designed for safety and protection in the dirt. Shields your eyes from the sun's rays for fatigue-free riding. Made from injection molded, high-impact plastic. Attaches to any helmet in a snap. In white, black and new "Spoiler" design.

Yamaha Helmets

Patterned after official Team Yamaha headgear. Whatever model you choose, each Yamaha helmet is built with comfort, safety, quality and styling in mind. They come in full-coverage or standard models in colors to match any motorcycle. SHCA, Z90 and DOT certified, where applicable. For maximum visibility at night, reflective Yamaha helmets have iridescent Team Yamaha graphic. All full-coverage helmets come complete with a flip-up face shield and tear-off clear lens. Full range of sizes for adults and children.

Goggles

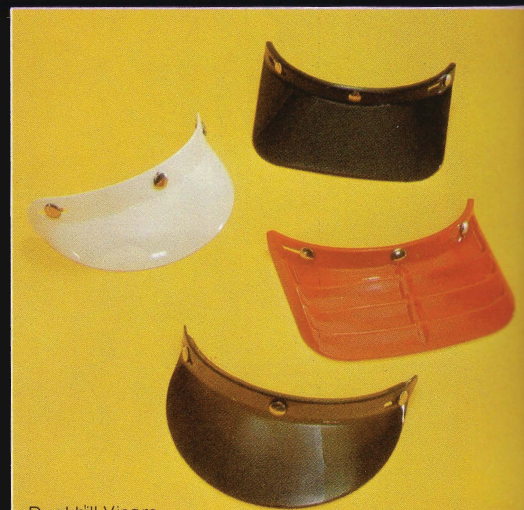

Race-proven, Yamaha goggles feature flow-through ventilation, to prevent fogging, and provide super-wide peripheral vision.

Replacement Full-Coverage Shields

Designed for Yamaha Full-Coverage Helmets, these shields feature Dual Snaps for visor adaptation. Special snaps also allow "tear-away" lenses to be attached. Available in two colors, Clear and Smoke.

Bubble Shields

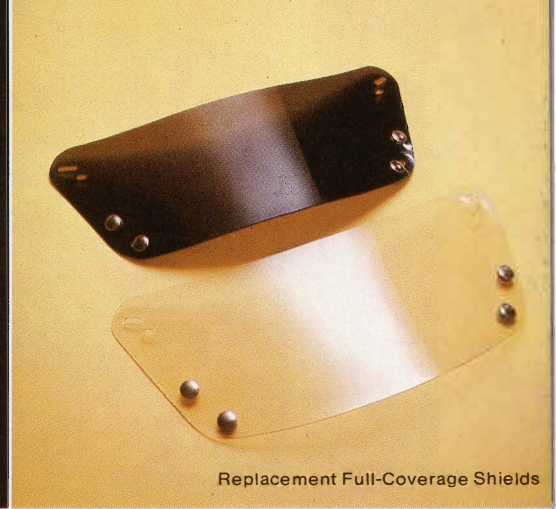

Injection molded polycarbonate shield construction with built-in opaque painted visors. Available in Smoke, Clear, Blue, Amber and Yellow. Fit all standard model helmets. Meet all state and federal certification where applicable.

Machined with the precision craftsmanship and quality materials you've come to expect from Yamaha.

You can buy Yamaha Enduro and Off-Road accessories with the full confidence that they'll be easy to install, fit your Yamaha perfectly, and really add to your motorcycling pleasure.

TOUGH GEAR.

Metric Screw Kits

Exclusively manufactured for many Yamaha Street and Enduro motorcycles. Help speed removal and replacement of side case, clutch, ignition and other engine covers. Screws and necessary precision wrenches included.

Enduro Route Chart Holder

Super lightweight, made from virtually indestructible A.B.S. Plastic. Weatherproofed to keep your chart clean and dry. Full 1-inch-wide magnifying mirror for easy reading in almost any position. Mounts easily to your handle or cross bar. Loads like a camera, advances from point to point with knurled rotation knobs.

MX Handlebars

Completely race designed and tested. Featuring an exclusive one-piece seamless wraparound pad which is molded onto the cross bar for maximum safety. Bars are shot-peened steel, manufactured from aircraft quality chrome moly steel, and anodized for lasting quality.

Enduro Luggage Carrier

Ruggedly built and beautifully finished in 3/4" smooth-weld, dual nickel chromed tubing, Yamaha's

Enduro luggage carrier bolts on easily and carries a big load. Available for 250, 360 and 400 Enduros. Attaches easily.

XT/TT500 Engine Protector

A Skid Plate to take all the abuse you can dish out. Protects your internal engine components from underside damage. Only one of its kind die-shaped for the Yamaha XT/TT500. Made of durable alloy, it's lighter and stronger than steel. No modification necessary. Installs in minutes using existing mounts.

Super Silencer/Spark Arrestor

Reduces noise with virtually no power loss due to back pressure! Easy installation on most off-road and street bikes. Simple cleaning and diaphragm replacement. Made light, but strong to hold up under extreme vibration conditions. (Also available for many other brands of motorcycles, too.)

Replica Plastic Tank

Race tested and designed especially to fit 1973 and 1974 Yamaha models 250MX, 360MX, 500, DT250, and DT360, with 1.7 gallon capacity. Much lighter than stock tank, made from strong, light cross-link plastic. It comes complete with large, non-leak plastic filler cap, nylon hold-down straps, and Yamaha graphic decal package. Special adapter molded into the tank accepts a standard Yamaha MX petcock. Easy installation with no modifications. Comes in bright Yamaha racing yellow. (Special decal package also available separately.)

DT125/DT175 Buddy Seat

Mounts easily to the standard sub-carrier. This design complements the standard seat, in high quality durable vinyl cover. Interior construction is high-density foam over a heavy anti-vibration base. Easy and simple to install. All necessary mounting brackets included. Fits many older 125-175 Yamaha Enduros as well.

Dual Purpose Seat/TY250 Foot Peg Conversion Kit

Specially designed for the Yamaha TY250 Trials bike. Converts your single seat into a low-profile seat. Lighter in weight than stock seat, easy to assemble without modification. Makes your trials bike more comfortable for standard motorcycle riding position. Foot Peg Kit relocates control levers into a conventional trail riding position.

Enduro Fork Brace

Increase your bike's handling capabilities. This brace stabilizes your front forks over the toughest terrain. Furnished with socket-type bolts and neoprene lined brackets to dampen vibrations. Designed to fit 250 and 400 cc Yamaha Enduros.

Large Capacity Enduro Tank

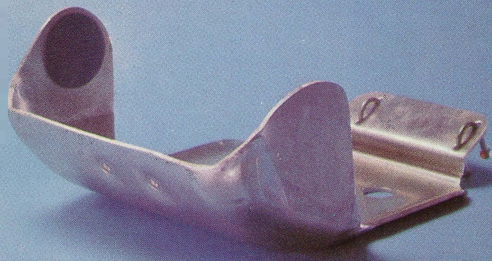

Now you can get extra range for your enduro back woods or desert riding. Yamaha Yellow tank features 3.8 gal. (14 liter) capacity, and large fuel inlet. Made from light, high impact, non-breakable plastic. Uses all standard mounts and petcock. Easy to install, comes with hardware and decals.

MX Foot Pegs

Make competition and enduro riding more enjoyable. Eliminate slipping in rough or wet terrain. Self-cleaning pegs utilize existing return springs. Easy to mount to existing brackets, with self-locking Nylock nuts. Black oxide protective finish.

Make your bike vacation a trip you'll always remember with action designed accessories and carry-along gear from Yamaha.

Stop by your local Yamaha dealer and check out these great items. A little traveling music, please.

TRAVELING GEAR.

Natural Rubber "Grand Prix" Hand Grips

Race tested. Made from natural gum rubber, they're softer and more comfortable than most other grips by dampening vibration and improving feel. Fit all handlebars with 7/8" diameter and 1" throttle assemblies. Available in black or yellow. Yamaha also has standard original equipment hand grips in durable soft plastic.

Nylon Control Levers

Easy-to-grip, wide blade design for maximum comfort and control. Made from impact-proof nylon. Keep original shape and resist the elements. Fit most Yamahas. Competition flat black finish.

Yamaha Tie-Down Straps

As good looking as they're tough. Distinctive Team Yamaha Graphics on 2" wide double-stitch extended length straps. Two 3/8" steel hooks are large enough to attach and hold securely to almost any part of your machine. One hook is nylon coated to prevent slipping and scratching. Large handle for positive cinch tie-downs and quick release even when wet. 3,000 lb. tensile strength.

Loading Ramp

Sturdy 6' long, 8" wide loading ramp

simplifies getting your bike up, down, and ready to ride. Safe and convenient to store, it's a must for all dirt and competition riders.

Formed from one single piece of high-grade aluminum with self-cleaning center ramp.

Utility Bag

Large 8 1/2" diameter, roomy enough for extra clothes, goggles, tools, or any other item that you want to take along. Bag measures 14 inches in length with a full length zipper. Upholstery grade nylon construction throughout. Double-stitched seams and extra leather backing at all stress points for added strength. Easy to attach to all types of luggage carriers.

Retractable Tie-Down Hooks

Give your transport vehicle that custom look with the most modern motorcycle tie-down hooks on the market. Fit practically any surface. Spring loaded to fit flush to the surface of your vehicle while avoiding high standing obstacles like eye bolts. Especially designed for trailers, vans, campers and Yamaha-haulers. Double nickel chromed top is corrosion resistant. Packed in a set of two.

MX 400, TT 500 Lighting Kit

Transforms your bike into a long distance desert racer or ISDT type machine. Kits include all necessary wiring, coils, headlights, taillights, and switches. Easy to install with all instructions included.

Enduro Tool Pouch

Take along those needed extras in a handy Yamaha tool pouch made from 100% latigo leather. Almost 300 cubic inches of storage space, specially molded to mount behind the seat, and buckle to the frame. Designed and tested for durability and precise fit. Mounts easily to Yamaha's MX's, Enduros, and many other off-road machines.

Team Yamaha Carry-All Bag

Giant 3 cu. ft. capacity with six huge internal storage pockets, two heavy-duty nylon zippers and tough antron/nylon bottom. Heavy-duty carrying straps. "K-Kote" weather-proofed. Yellow with black graphic stripe.

Buddy Pegs

Fit Yamaha Street and Enduro motorcycles as well as all other machines with 12mm threads. Fold up and out of the way when not in use.

Rubber design matches stock front pegs on all Yamaha models. Easy installation without special tools.

One-Way Compression Release

For serious off-road riders. Kit includes all cables and plastic ball end lever. 14mm thread fits most machines. Half-inch adapter included. Installs in minutes.

Enduro Tool Pouch

Track-tested designs that work for you when and where you need them most. Yamaha's line of performance gear includes tires, batteries, and a complete list of service accessories. They're all available at your Yamaha dealer.

PERFORMANCE GEAR.

YZ80 GYT Kit

Designed, tested and manufactured by Yamaha specifically for our YZ80 series bikes, this latest GYT Kit is the easiest, most complete conversion available anywhere. Performance is increased all through the power band. All components are genuine Yamaha factory parts. The kit comes complete including simple detailed instructions.

Yamaha Mirrors

For replacement or addition. Quality constructed in a variety of sizes and shapes. Thread type or clamp-ons. Easy to install.

Chain Repair Tool

Perfect for emergency chain repair when you're touring, or off-road riding. Manufactured from heat treated chrome moly steel, tool is small enough to fit into a standard tool kit, Enduro Tool Pouch, or your pocket. Fits most size chains, and features an Allen head "fully hardened" pin and wrench included.

21" Wheel Assembly

Improves Enduro handling. Wheel assembly comes complete with tire and hub. Ready to mount, makes conversion from smaller wheels

easy. Available for DT, RT, AT and CT models. Tire and tube come fully laced on rim and hub assembly.

D.I.D. Alloy Rims

Want that competitive edge? Super strong, lightweight rims designed to keep un-sprung weight to an absolute minimum. They're the same precision rims standard on Yamaha YZ Racing machines. Highly polished, tough aluminum alloy. Pre-drilled for easy lacing. Completely compatible with Yamaha hubs. Deep knurled to prevent tire slippage.

Genuine Yamaha Tune-Up Kits

Perform minor maintenance tune-ups right in your own garage. All kits include the necessary number of plugs, points, condensers, and gap tool to do the job. Available for most Yamahas.

Genuine Yamaha Gasket Sets

Make rebuilding your engine faster and easier. Sets include all gaskets necessary for rebuilding engine from the crankcases and up.

Full Tire Selection

Many of the world's largest tire and rubber companies manufacture tires for Yamaha. Names like Goodyear, Yokohama, Nitto, Dunlop, Inoue and others supply the perfect size to fit your Yamaha.

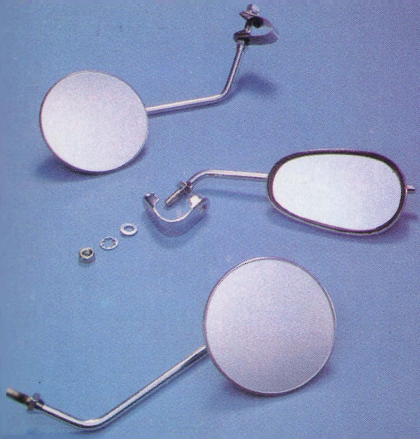

Genuine Yamaha Piston Assembly Kits

Everything you need to replace worn or damaged pistons. Include piston, ring set, pin and 2 clips. Standard and oversize kits for most Yamahas available.

Batteries

Manufactured specifically for each Yamaha motorcycle. Each battery is built into a strong plastic case for dependable service. Your Yamaha dealer has the battery for those hard to find "older" models, too.

Full Tire Selection

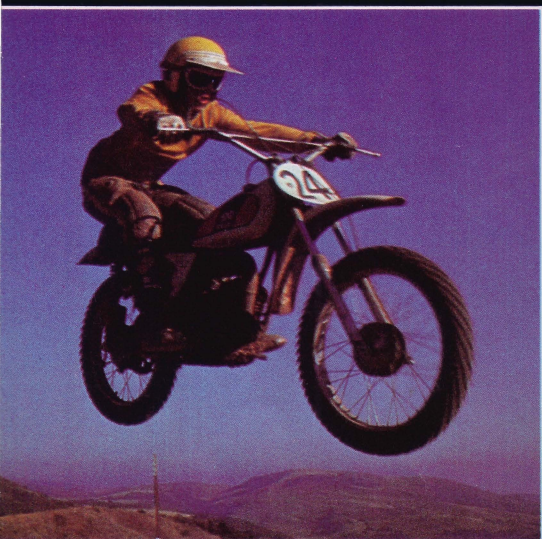

Batteries

An ounce of prevention is worth a ton of trouble free riding. That's why the Yamaha team mechanics use only Yamaha products for their team.

All of it specially formulated with strict quality control standards, to withstand tough usage.

PROTECTION GEAR.

Yamaha Power Cable Luber

A real breakthrough that revolutionizes all cable lubing. A must for your tool kit. Completely cleans and re-lubricates cables in one easy step. Clean, quick and efficient, fits all motorcycle cables to "blast out" gummy oil and dirt. Ask your Yamaha dealer for a demonstration. Once you see the Power Cable Luber in action, you won't know how you got along without it.

Spark Plug and Electrical Contact Cleaner

Use regularly on points and plugs to prevent carbon build-up dirt. Sprays on, cleans, then evaporates. Keeps your motorcycle in top running condition.

Original-Color Paint

It's easy as pushing a button to match or repaint your motorcycle with the Yamaha original factory colors. Choose from many different colors for '73, '74, '75, '76 models. Check exact paint combinations on the new Yamaha Paint Chart. NOTE: It may take one or more colors to match a particular color. Comes in handy 12½ oz. spray cans.

Tire Mounting Lubricant

Makes tube damage a thing of the past. Sprays on tire beads so they mount easily onto the rim. Keeps rubber soft and prevents deterioration.

Yamaha Mud and Grease Release

This ideal motorcycle cleaner and degreaser will not adversely affect painted surfaces, wiring or rubber but does penetrate surface irregularities to remove that deep down dirt and grime. It is totally water soluble.

Fork and Shock Oil

In 7.5, 10, 30 or 40 weight in handy 16 ounce (1 pint) cans to suit any machine or rider. Designed to fine-tune suspension units for all operating conditions or climates. These oils afford uniform performance over extended periods by minimizing viscosity changes, thus stabilizing handling characteristics. Prevent foaming, rusting, oxidation and wear. Increase seal life and eliminate seal cracking, swelling or drying. For use in all brands of front forks and shocks. Used and endorsed by the Yamaha International Racing Team.

Armor All

Cleans and preserves just about everything on your bike, car or boat. You'll be amazed at all its uses. Prevents cracking in tire sidewalls, leather and vinyl upholstery or apparel, ignition wiring and many other items. The special Armor All formula gives a "sparkle new" appearance to almost any surface.

Instant Spare Tire

It's a spare tire in a can for when you don't have time to patch a tube. Fix flats quickly and easily with a touch of a button. Screws onto valve stem for easy operation. 6-oz. aerosol can with hose and adapter.

Yamabond 4 and 5

Yamabond #4 Sealant is developed especially for joining crankcase sections covers. Yamabond #5 Sealant is similar to Yamabond #4 but it can be used without gaskets. It seals and bonds, preventing foreign matter from entering crankcase and side covers.

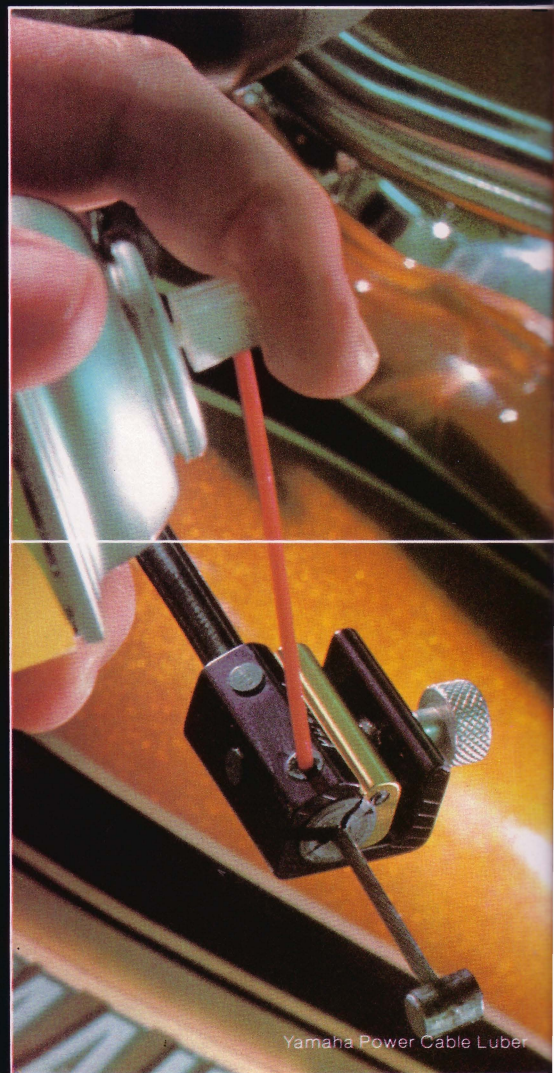

Tire Sealer

Flat tires can be a thing of the past when you use Yamaha Tire Sealer. Just add it to your tires and, after a short distance, it spreads through-

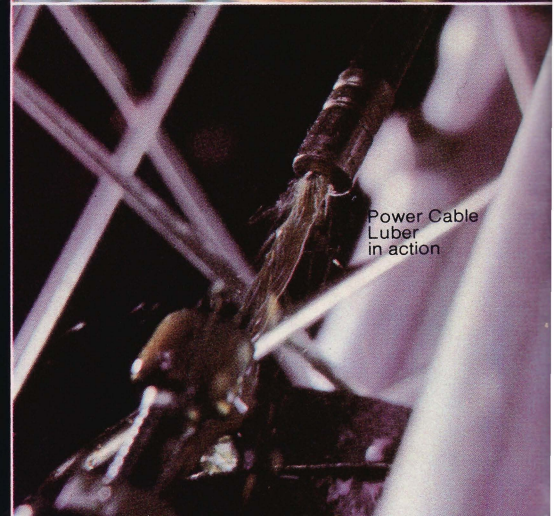

out the inside of the tube, insuring a strong protective coating against punctures.

Chain and Cable Lubricant

Dirt and water can't get by. The finest lube for chains and cables. Penetrating action keeps on working even under extreme pressures. Use regularly with the new Yamaha Power Cable Injector to prevent rust and corrosion on your cables, too!

Instant Spare Tire

Chain and Cable Lubricant

All Yamaha oils and lubricants have been race tested and perfected on the track by Yamaha's International Racing Team. It's your assurance that when you use Yamalube, you're using the most advanced form of lubrication you can get.

LUBRICATION GEAR.

Yamalube 'R' Two Cycle Racing Oil

The ultimate two cycle racing oil. Tough enough to take whatever you dish out. Yamalube 'R' is designed to hang in under even the toughest competitive high speed racing conditions. Helps keep your plugs and vital engine parts clean, while providing maximum lubrication to your engine's critical wear surfaces. Use it in all two stroke engines. Easy to read measuring guide makes oil fills a snap. Available in resealable 1 pt. plastic screw top bottles.

Yamalube 2-cycle Oil

Specially formulated ashless detergent motor oil with rust inhibitor. Gives your Yamaha 2-stroke motor-cycle peak power and performance, longer engine life, and lasting dependability. Makes engine starting easy in any weather. Protects engine against corrosion when it's running or when it's not. Particularly suitable for the Yamaha Autolube system. BIA TC-W certified.

Yamalube 4-cycle Oil

New, Yamalube 4-cycle oil is highly fortified with detergent-dispersant, rust inhibitors, anti-sludge and varnish anti-wear additives. An SAE 20W-30-40 weight multi-viscous oil for use in any 4-cycle engine or transmission. Excellent for other uses, in automobiles, trucks, buses, tractors and diesel-powered engines. Its ashless formula minimizes wear, ring sticking, piston burning, combustion chamber deposits and spark plug fouling.

The Yamaha Cycle Camper™ by Moss

A total living system for getaway weekends or extended camping. The whole system nests inside a shroud of tough vinyl stretched over a tough steel frame. Small enough to fit on a bike without affecting the ride, but large enough to contain all the necessities with space left over for a few luxuries.

CAMPING GEAR.

Fits '73, '74 and '75 Yamaha 250, 350 and 500 street machines, as well as our 250, 360 and 400 Yamaha Enduros. Can be modified for other big bikes.

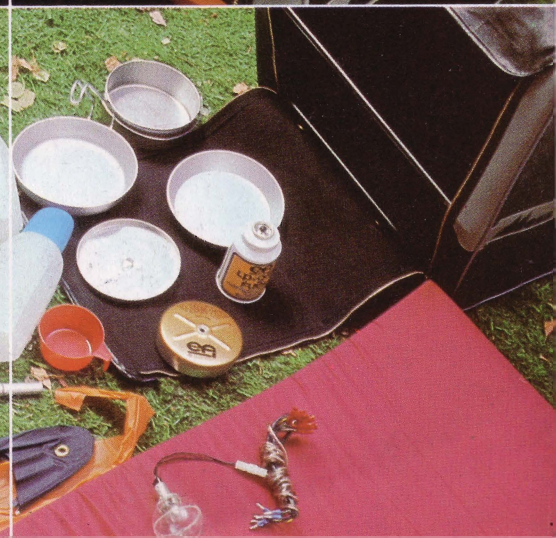

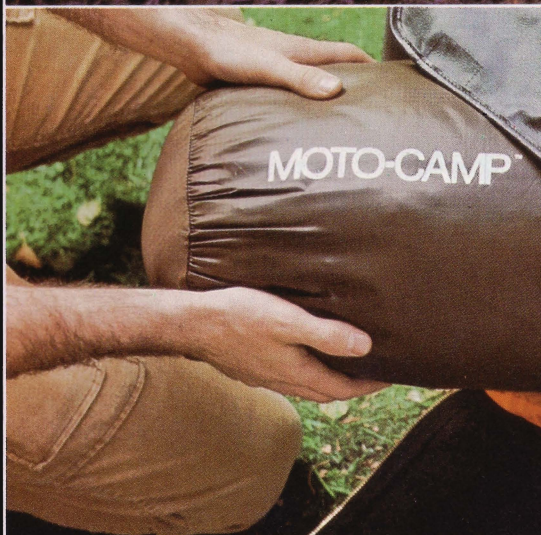

For snugness, there's both an inner and an outer tent — water resistant, urethane coated, and made of tough 2.1 oz. nylon taffeta. A mesh screen keeps out insects and a night light, installed to your motorcycle battery, keeps you from stumbling around in the dark. Super lightweight for easy transportation.

For comfort, there's a mummy type sleeping bag with a European hood, filled with polarguard for comfort down to approximately 20°F. There's a ¾-length sleeping mattress (closed-cell foam material covered with waterproof nylon), which all fits neatly into an 11½" x 20" stuff sack. Lightweight and compactable.

The steel frame carrying rack supports a water resistant vinyl pack with a huge storage capacity. The motorcycle rack telescopes back and forth for 2-up riding (on 250, 350, 500 models).

There's all you need to feast al fresco with a butane cooking stove, fuel bottle, and a 5-piece cook kit of extra heavy-duty spun aluminum (including a 7" frying pan, a 6" covered boiling pot, a 7" plate and poly-propylene drinking cup). All cooking gear fits easily inside the vinyl carrying pack, with lots of space left over to include another sleeping bag, food, clothing, etc.

Easy assembly and installation takes less than an hour. Camper kit includes instructions with all necessary brackets, etc. Bolts right on, with no machine modification needed. (All cycle camper components are also available separately at your Yamaha dealer.)

Designed for motorcycle riders by the leading name in motorcycling, Yamaha gift gear is designed for making it a happy birthday, anniversary, or Christmas, etc. (And remember, it's ok to treat yourself once in a while.)

GIFT GEAR.

Sun Visor and Sport Hats

Show your colors! Great for the pits or a picnic. The competition Sun Visor comes in bright Yamaha yellow and the hat has an extra long bill to shield out the sun.

Mug and Ashtray

For the den. The ashtray is helmet shaped, and it's so popular even your honest friends will try to steal it. The mug is a real racy way to serve coffee, tea or whatever. Yamaha thermal coasters keep your furniture safe and your drinks cold.

2-Piece Rain Suit

Great emergency protection against the elements. High visibility yellow. Also makes a fabulous pair of pajamas for camping in rainstorms and blizzards. Folds into a small pouch for easy storage.

Playing Cards and Key Ring

Now you and your friends can have sharp looking playing cards for those long overnight camping trips. The key ring is bright, colorful and its distinctive shape makes it hard to misplace.

Yamaha Jewelry and Yamaha Cross Pen Sets

Beautifully boxed, long lasting presents. The Yamaha Tuning Fork Mark is tastefully displayed on each 12 kt. gold-filled precision Cross writing instrument. For men and women, Yamaha silver charm bracelets (in 2 sizes).

Patches and Decals

Use them anywhere and everywhere — they're totally functional and flexible. There's a wide variety to choose from in bright Yamaha colors.

Lighters

These handsome, all-weather lighters are available in regular or butane models. Great for home or on the trail.

HOW TO GET IN GEAR.

Now that you've seen all of the reasons to get in gear for '76, we'd just like to remind you where to do it.

Just look for your nearest Yamaha dealer.

And if you don't find what you want, ask.

Your dealer will be glad to order whatever you need. He's in business to make your riding easier and safer all year long.
