

Yamaha

new...electric!

And new
gorgeous
candy
tone
colors!

Get off to a great start...electrically! On the Yamaha Twin Jet Electra—new blood brother to the exciting Twin Jet 100. Sparked by the first twin-cylinder, twin-carburetor engine in its class, this tough one can cruise with the big bikes, and handles like the 250cc World Grand Prix Champion Yamahas that sired it.

Easy starting? Just push the button...you're off in a flash. Big 4-speed box geared for action, and Yamaha's RPM-controlled oil injection system blends perfectly...eliminates hand-mixing. Waterproof, dustproof brakes stop you safely every time.

And we've added gorgeous new candy tone colors of red and blue, usually available only in more expensive machines.
