

Expect action with Yamaha's virile new "Iwin," the 180 Street Scrambler. This one was built to separate the men from the toys — at a price that won't bruise the tenderest budget. The doll you're dallying with may not understand talk such as 5-port power, constant mesh 5-speed gearbox and automatic oil injection. Then again she may. But after you've got her there on your 180 — who wants to talk?

Your local Yamaha dealer can introduce you to the means. The method is up to you.
