WARRANTY QUESTIONS and ANSWERS

Q. Is every part of the motorcycle covered by the warranty?

A. Yes, with the exception of spark plugs and oil, every part of the machine carries the same warranty against factory defects.

Q. Are parts used in repairs covered by warranty?

A. When installed by an authorized Yamaha dealer, any part used in normal or warranty repair or service assumes the remaining warranty that exists on the machine.

Q. What costs are my responsibility during the warranty period?

A. The customer's responsibility includes all costs of normal maintenance services, non-warranty repairs, accident and collision damages, as well as oil, air and oil filters, and spark plugs.

Q. Would you give some examples of "Abnormal strain, neglect or abuse?"

A. These terms are general and overlap each other in areas. Specific examples include: running the machine out of oil, sustained high rpm full throttle use, chain failure caused by a lack of lubrication and/or adjustment, operating the machine with a broken or damaged part which causes another part to fail, and so on. If you have any specific questions on operation or maintenance, please contact your dealer for advice.

Q. Does the warranty cover incidental costs such as towing or transportation due to a failure?

A. No. The warranty is limited to repair of the machine itself.

Q. May I perform any or all of the recommended maintenance shown in the owner's manual, instead of having the dealer do them?

A. Yes, if you are a qualified motorcycle mechanic, and follow the procedures specified in the owner's and service manuals. We do recommend, however, that the critical adjustments to timing, carburetion and oil injection be done by a Yamaha dealer.

Q. Will the warranty be void or cancelled if I do not operate or maintain my new Yamaha exactly as specified in the owner's manual?

A. No. The warranty on a new Yamaha cannot be "voided" or "cancelled". However, if a particular failure is caused by operation or maintenance other than as shown in the owner's manual, that failure may not be covered under warranty.

Q. What responsibility does my dealer have under this warranty?

A. Each Yamaha dealer is expected to:

- (1) Completely set-up every new machine, before sale.
- (2) Explain the operation, maintenance, and warranty requirements to your satisfaction at the time of sale, and upon your request at any later date.
- (3) Each Yamaha dealer is held responsible for his set-up, service and warranty repair work.

Q. Is the warranty transferable to second owners?

A. Yes. The remainder of the existing warranty can be transferred upon request. The motorcycle has to be inspected and re-registered by an authorized Yamaha dealer for the policy to remain effective.

Q. Who should I contact if I have further questions about this warranty?

A. Your Yamaha dealer has the information and experience necessary to answer almost any question about this warranty. If the dealer is not able to do so, he is expected to contact Yamaha International for clarification or assistance.

CHANGE of ADDRESS

The Federal Government requires each manufacturer of a motor vehicle to maintain a complete up-to-date list of all first purchasers against the possibility of a possible safety recall.

This list is compiled from the purchase registrations sent to Yamaha International by the selling dealer at the time of your purchase.

If you should move after you have purchased your new Yamaha, please advise us of your new address by sending a post-card listing your Yamaha model name, serial number, and dealer number (or dealer's name), as it is shown on your warranty card, and your name and new mailing address. Mail to:
