GRAND PRIX GRIPS

Double-walled, soft vinyl grips with ribbed inner liner to isolate the rider from vibration. Available in black, for 7/8" bars.

A-GP2225

HONEYCOMB GRIPS

A very popular grip for off-road machines. Honeycomb ribs give a very secure and comfortable feel for all types of riding, and also eliminate most vibration. Red, blue, gray, or black.

For 7/8" bars

A-H2224

For 1" bars

A-H2727

AIR CUSHION GRIPS

These soft vinyl grips have a unique air-cushioned center to eliminate unwanted vibration and give a secure, comfortable grip. Available in red, gray, blue, and black.

For 7/8" bars

A-A2224

For 1" bars

A-A2727

For Honda 50

A-A1825

www.legends-yamaha.com

BALL END LEVER COVERS

These ball-ended, soft vinyl grips are especially handy for repairing broken levers. Just slip them over broken lever ends, and the rider is protected from jagged edges. Has finger indentations for a secure grip. Available in red, blue, gray, and black.

Red # A-LC-R

Blue # A-LC-B

Gray # A-LC-G

Black # A-LC-BK

FOLDING FOOT PEGS

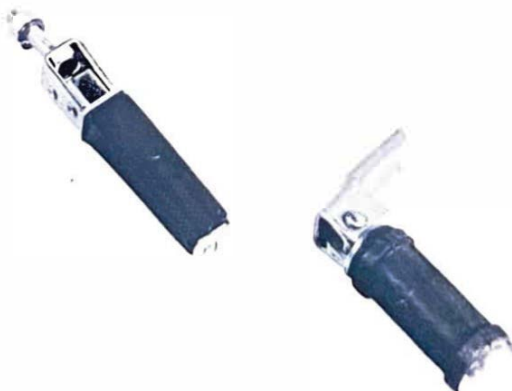

Constructed from cadmium plated steel, these pegs are ideal as replacement or buddy pegs. Folding type with sure-grip rubber footrests. Available either with drilled bracket or with mounting bolt.

With bracket

A-404-B

With Bolt

A-404-C

NYLON RACING THROTTLE

Only 1/4 turn from idle to wide open. Precision molded nylon drum and housing provides smooth, responsive throttle action. Has built-in cable tensioner. Complete with set of black ribbed grips. for 7/8" bars.

A-TR78R

TOURING THROTTLE

A precision made throttle. Chromed steel housing with steel barrel and fittings. Built-in cable adjuster and spring tensioner. Comes complete with set of black honeycomb grips. For 7/8" bars.

A-TR78T

TT MIRROR

A high-quality, distortion free mirror. Has a ten inch, offset stem with adjustable clamp. Large, glare free 4 1/4" face. All hardware is chrome plated. Fits all motorcycles and minicycles.

A-TTM218

DELUXE "TT" MIRROR

Large diameter, 10" stem with sliding, universal handlebar clamp. Mirror face is distortion and glare free, measures 4" in diameter. Very sturdy and heavily chrome plated.

A-TTM219

ECONOMY SADDLEBAGS

Constructed from lightweight, weatherproof naugahyde. Bags are 14" long, 11" high, and 4 1/2" wide. The bags are separated by a reinforced, 9 1/2" portion with 2 strap fasteners. There is also a separate securing strap on the back of each bag, as well as a separate tool pouch at the end of each bag. The bags are reinforced with beading and rivets. An extremely durable and practical saddlebag.

White	# A-SB-W
Red	# A-SB-R
Blue	# A-SB-B

COMPETITION TANK

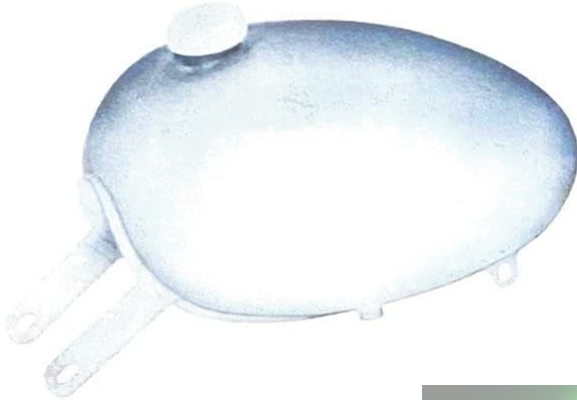

Very light and strong; excellent for competition or custom machines. Universal mounts, wide frame tunnel, and two petcock fittings. (petcocks not included.) Supplied with Gas Cap.

1 1/2 Gallon Tank # A-606-112
Petcocks # A-PK-1

DRAGSTER TANK

Finely constructed of steel with a wide frame channel. Universal mounts allow tank to be adapted to most machines. Supplied with cap and two petcock fittings. (petcocks not included) Available in either 3/4 or 1 1/2 gallon capacity. An excellent tank for either competition or custom machines.

1 1/2 Gallon Tank # A-607-112
3/4 Gallon Tank # A-607-34
Petcocks # A-PK-1

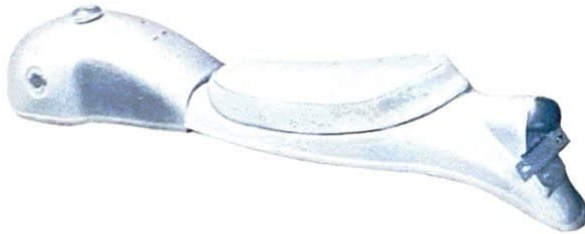

STING RAY CUSTOM SEAT AND TANK

A beautifully sculptured seat and tank combination. Tank holds 2.5 gallons, and is supplied with petcocks and gas cap. Seat has an integral fender portion with a molded-in tail light bracket. Seat is thickly foam padded with a pleated vinyl seat cover. All mounting hardware is included for a custom installation. Available as a set or separately. Colors available are candy red, candy blue, or silver.

THICK FOAM PADDED SOLO SEAT

A high-quality, economy seat for either street or dirt machines. Has comfortable spring frame with foam padding. Seat is neatly upholstered with vinyl. Universal mounting brackets allow installation on most machines.

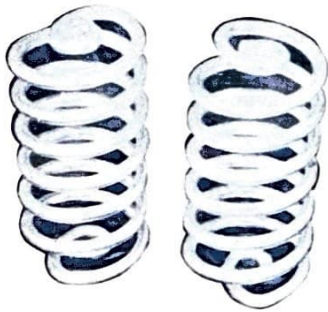

A-CAP-S

SOLO SADDLE

An ideal seat for customs, choppers, or competition machines. Has steel base, thick foam padding, and carefully stitched vinyl upholstery. Adjustable nose bracket and rear studs allow seat to be used on nearly any machine.

A-SS

www.legends-yamaha-enduros.com

SOLO SEAT SPRINGS

These chrome plated, steel springs are both functional and neat appearing when used with a solo seat.

A-SSS

PILLION RACING SEAT

Can be used either as a pillion seat, or as a chin pad for road or cafe racers. Has flexible base with mounting grommets for easy installation. Thick foam padding, upholstered in rugged vinyl.

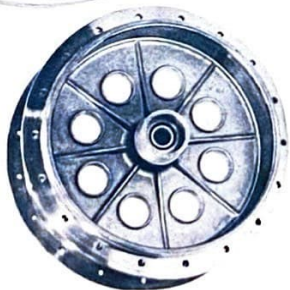

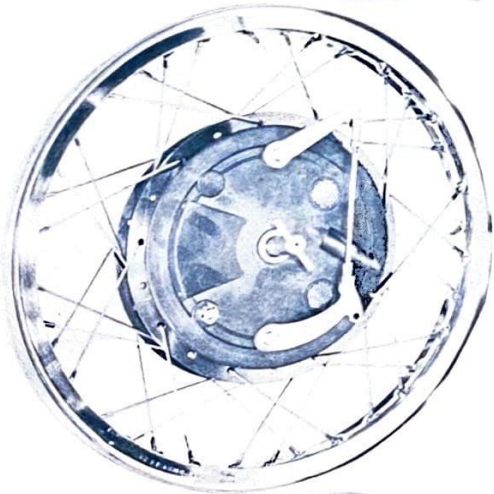

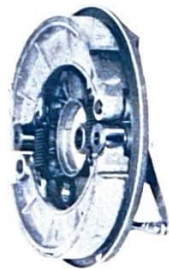

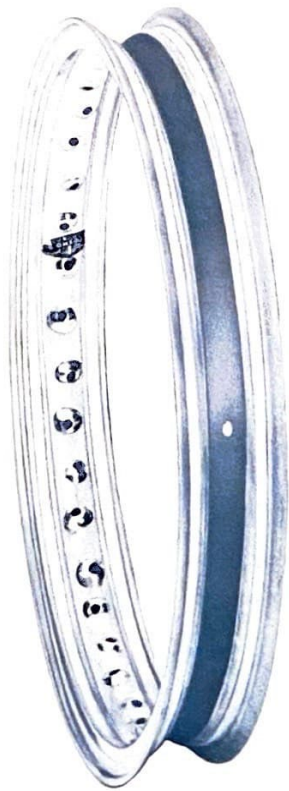

A-PRS

SCRAMBLES SADDLE

An excellent seat for TT, motor-cross, and enduro riding. Thick foam padding is neatly upholstered with durable vinyl. Universal mounting studs allow seat to be fitted to most machines. Low riding position of this seat can greatly improve handling.

A-SCS

BORRANI RIMS

Borrani alloy rims are undoubtedly the finest road and racing rims available. They are meticulously cast, machined, and polished, with only the best possible aluminum alloys being utilized. The result is a beautifully finished, extremely light, ultra strong rim. Serrations are machined into the bead to prevent tire creeping under stress. Borrani rims are used and endorsed by the world's leading road racers.

BORRANI CROSS RIMS

The newest Borrani rim, and undoubtedly the strongest off-road rim available. Super-strong alloys resist flexing and bending while keeping unsprung weight to a minimum. Same fine finish and craftsmanship as found on Borrani road rims.

BARUFFALDI GOGGLES

901 - ECONOMY I.S.D.T. GOGGLES

Has heavy, wraparound plastic frame with shatterproof plastic lens. Designed for superior eye protection at an economical price. Available with clear, green, amber, or brown lens.

Goggle # A-901

902 MIRACLE LENS GOGGLE

Has soft, pliable plastic frame with sponge rubber cushion. Has unique "Luxmatic" lens, which changes intensity according to light conditions. Lens stays light in the shade, darkens in sunlight. Has adjustable vents, wide elastic headband with leather hinges, and spare clear lens.

Goggle # A-902
Spare Lens # A-2-L

903 FLIP-UP FACESHIELD

Can be worn either with or without a helmet, especially suitable for use with eyeglasses. Has leather band with elastic strap, lens pivots on band to any position. Protects almost entire face. Clear, green, or amber.

Clear # A-903-C
Green # A-903-G
Amber # A-903-A

905 I.S.D.T. GOGGLES

Baruffaldi I.S.D.T. goggles are used and endorsed by enduro and I.S.D.T. riders from all over the world. These goggles feature a flexible, strong plastic frame with extra-large, flexible plastic lenses. Arms pivot on frame so that goggles may be adjusted for perfect comfort. An excellent on or off road glass at a very reasonable price. Available in clear, green, or amber.

Goggle # A-905
Spare Lens # A-5-L

906 PANORAMIC DUAL LENS GOGGLE

Molded, pliable plastic frame with sponge rubber cushion. Fully adjustable vents and wide, leather hinged elastic headband. Supplied with clear lens and smoke snap-on lens. Clear remains in goggle, extra lenses can be snapped on or off while riding. Lenscloth included.

Goggle # A-906
Spare Lens # A-6-L

907 EXTRA LARGE PANORAMIC GOGGLES

A truly deluxe goggle, especially suited to moto-cross and enduro riding. Has molded, pliable plastic frame with sponge rubber and soft chamois cushion. Frame has two-way adjustable vents for positively no fogging. Wide, leather hinged elastic strap. Goggle is supplied with interchangeable clear and smoke lenses, and soft lenscloth.

www.legends-yamaha-enduros.com

Goggle # A-907
Spare Lens # A-7-L

910 COSMO RING GOGGLES

These unique goggles completely encircle the wearer's field of vision, giving the maximum in peripheral vision. Gold plated frame and flexible lens. Available with clear, green, or amber lens.

Goggle # A-910

911 SLIM-LINE SPORT GLASSES

An economical, wrap-around cycle glass. Available in green or amber with matching colored frames.

Goggle # A-911

912 WIDE VISION GOGGLES

Has soft, natural rubber frame with anti-fog venting system. Comes with unbreakable lens and adjustable headband. Fits over many eyeglasses. Clear, green, or amber lens.

Goggle # A-912
Extra Lens # A-12-L

913 ALL WEATHER GOGGLES

Has a soft, natural rubber frame with sponge padding. Removable, tinted rain/sun visor and clear, panoramic lens. Vented frame and adjustable headband.

Goggle # A-913
Extra Lens # A-13-L

914 LIGHTWEIGHT FOLDING GOGGLES

These goggles weigh only 2 ounces, and fold to fit in pocket. Has shatterproof, replaceable plastic lens. Vented chrome frame with natural rubber cushion. Adjustable headband. Clear, green, or amber lenses.

Goggle # A-914
Extra Lens, per pair # A-14-L

915 QUICK CHANGE GOGGLES

Has soft vinyl and foam rubber frame, with vented, chrome lens frames. Clear lenses with green snap on lenses or amber w/green snap-on lenses. Lenses can be easily changed while riding. Adjustable headband with chrome hinges. Complete with case.

Goggle # A-915
Extra Lenses, per pair # A-15-L

916 SAFETY GLASS RACING GOGGLES

Soft vinyl and foam rubber frame, with vented, chrome lens frames. Lenses are shatterproof, laminated optical glass. Has vented, plastic side panels for additional lateral vision. Complete with case. Clear lens.

Goggle # A-916
Extra Lenses, each # A-16-L

917 DELUXE WRAP-AROUND SPORT GLASSES

Comfortable, wrap-around chrome frame with spring hinges, supplied with both green and amber interchangeable lenses. A very comfortable and stylish glass, comes complete with case.

Goggle # A-917

918 GRAND PRIX RACING GOGGLES

This goggle is used and endorsed by many top road racers. Has a perfectly contoured, molded rubber frame with sponge rubber and soft chamois cushion. Lens frames are chromed steel, with a center hinge and anti-fog vents. The wide, elastic headband is securely fastened with chrome hinges, so that goggle fits comfortably either under or over a helmet. Lenses are laminated, shatterproof "Durotic" glass for perfect optical clarity.

Goggle # A-918
Spare Lens # A-18-L

www.legends-yamaha-enduros.com

922 EXTRA DEEP RUBBER FRAME GOGGLES

Molded rubber frame with sponge rubber cushion. Has interchangeable lens and adjustable head band. Provides excellent vision and comfort. Clear, green, amber and smoke.

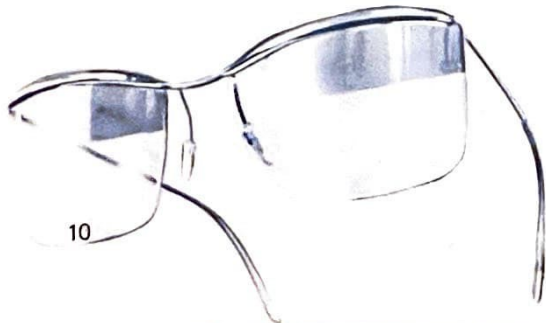

Goggle # A-922
Extra Lens # A-22-L

924 OVERGLASS GOGGLE

Excellent for use over eyeglasses, either under or over top of a helmet. Flexible plastic lens and soft vinyl frame with adjustable strap. Comes in case with amber and green inter-changeable lenses.

Goggle # A-924
Extra Lens # A-24-L

926 NIGHT DRIVING GLASSES

Sodium yellow night lens with gold plated frames. Upper left corner of each lens is mirrored to reduce headlight glare. An excellent glass, complete with case.

Goggle # A-926

928 FULL VISION SPORT GLASSES

Large, wrap-around style gives excellent eye protection. Available in clear, green, or amber with matching colored frames.

Goggle # A-928

929 MIRROR LENS GOGGLES

This is perhaps the finest touring goggle available. Has pliable, molded plastic frame with sponge rubber and chamois cushion. Unique, two-way adjustable venting system prevents fogging under all conditions. Wide, leather-hinged elastic strap gives a firm and comfortable fit. Lens is a unique, one-way mirror lens, goggle is supplied with vinyl lens protector.

Goggle # A-929
Spare Lens # A-29-L

www.legends-yamaha-enduros.com

930 OVERGLASS

The finest overglass goggle made. Especially suitable for use over eyeglasses. Has flexible, leather frame with adjustable strap. Lens is fitted to an unbreakable plastic top frame, and pivots to any desired position. The lens is Baruffaldi's patented Luxmatic type, which becomes darker or lighter according to light conditions. An excellent goggle.

Goggle # A-930

931 SPRINT MX GOGGLES

A new model, intended primarily for the rigors of moto-cross and enduro riding. This model has a molded, pliable plastic frame with leather, sponge rubber, and soft chamois lining. A unique ventilation system circulates air to prevent fogging, while at the same time preventing water from entering the frame. The Sprint MX is supplied with a clear lens, as well as amber and green snap-on lenses. Lenses can be removed or changed while riding. The Sprint is available in red, blue, or black frames, and all models have an extra-wide, red, white and blue elastic strap with leather hinges. Lenscloth included.

Goggle # A-931
Spare Lens # A-31-L

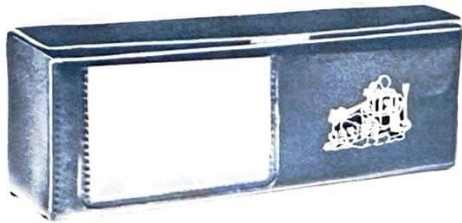

932 SPRINT GOGGLES

Supplied with "Luxmatic" miracle lens, which becomes darker or lighter according to light conditions. Has molded, pliable plastic frame with sponge rubber cushion and waterproof, anti-fogging ventilation system. Adjustable elastic strap.

Goggle # A-932
Spare Lens # A-32-L

MAGNETIC DRIVING GLASS CASE

Heavily reinforced vinyl case with built in magnet adheres to dashboard, or other metal parts. Has clear window, which can be used either for photo or identification. Complete with yellow and green sunglasses.

A-MGC2

FLAT COMPETITION SHIELD

Flexible, wrap-around shield is shatterproof and distortion-free. Has 5 snaps and will fit virtually all full coverage helmets. A snap kit is available for helmets with only 3 snaps. Shield is Z87.1 approved, and is extremely popular with competition riders. Available in clear, green, blue, amber, smoke, and yellow.

Clear # A-310-C
Green # A-310-G
Amber # A-310-A
Blue # A-310-B
Smoke # A-310-S
Yellow # A-310-Y

SNAP-ON BUBBLE SHIELD

Specially designed to eliminate wind turbulence common with many bubble shields. Constructed of shatterproof, distortion free plastic, with adjustable snaps to fit any helmet. Z 2.1 approved, available in clear, green, amber, smoke, blue, and yellow.

Clear # A-309-C
Green # A-309-G
Amber # A-309-A
Smoke # A-309-S
Blue # A-309-B
Yellow # A-309-Y

ADJUSTABLE FLIP SHIELD

A non-fogging, shatterproof, flip shield. Slides up or down to any desired position. Has an integrally molded sun visor, and adjustable snaps to fit all helmets. Completely distortion-free, available in clear, amber, and smoke.

Clear # A-500-J
Amber # A-501-J
Smoke # A-502-J

ELASTIC BELT

Gives positive back and kidney support under all conditions. Made from the finest elastic, with genuine leather ribbing to prevent belt from shifting. Has unbreakable metal loop closure. Sizes 26, 28, 30, 32, 34, 36, 38, 40, 42.

MOTO-MITTS

A new, super-tough competition glove. The "Moto-Mitt" is similar in design to other moto-cross gloves, but is made with heavy gauge pigskin to insure extra comfort, protection, and durability. Extruded rubber finger strips are safety stitched to prevent their coming loose, a common fault of other moto-cross gloves. Moto-Mitts have an elastic wrist band and are finished in a sandstone color. Sizes medium, large, and extra large.

FILTRON FILTERS

Proven in the dusty Baja California off-road races, Filtron Air Filters use a unique polyurethane-fiber foam to form a network of countless tiny air passages. The walls of those passages, coated with special Filtron FFC 300 compound, trap dirt particles so small you'd need a microscope to see them, yet provide more than enough air for the biggest engines and carburetors. And Filtron's patented, convoluted design uses engine vibration to keep the unit filtering longer, again reducing maintenance.

COSMO TRIALS AND MOTOCROSS BOOTS

The Cosmo Trials Boot is custom crafted in the U.S. of the finest cowhide, with long wearing, competition proven soles and reinforced, riveted buckles. The boot is 17 1/2 inches high with six buckles. The boot is amply padded, both on the shin and at the ankle. The ankle padding is sewed to the interior of the boot, to prevent tearing in this area. A common fault with other boots. At the top of the boot is a leather covered, elastic cuff, which wraps snugly around socks or trousers. A heavily boxed toe and steel-reinforced arch provide excellent protection and comfort. The Trials Boot has a heavily lugged Goodyear sole, designed for years of wear. The Motocross Boot has a long wearing, one piece wedged heel sole. Both models are finished in black, with thin red, white, and blue striping on the shin. Sizes 7, 8, 9, 10, 11, 12; E width.

COSMO FLAT TRACK BOOT

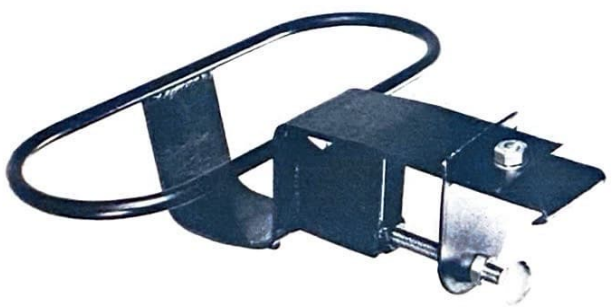

The Flat Track Boot is a lace-up boot which has been redesigned for the demands of motorcycle racing. It is 17 inches high, with two ply leather heels and toes. Firm lacing is provided by heavy duty grommets and hooks, with extra strong laces. This boot is extremely comfortable, with a heavily boxed toe and steel-reinforced arches. The sole is the same wedged sole as found on the Motocross Boot. Boot is finished in black, with a contrasting red stripe on the back. Sizes 7, 8, 9, 10, 11, 12.

SAFA BATTERIES

Safa motorcycle batteries are constructed with heavy-duty, resilient plastic cases. Triple insulation enables Safa batteries to withstand severe shock and vibration. Spill-proof caps and an additional top cover keep the electrolyte where it belongs. Safa is your assurance of longer life and trouble free performance.

PIRELLI

UNIVERSAL. The every day tire that has won more dirt races than any other tire. Race-proven traction and dependability assures you perfect handling and stability under all driving and weather conditions.

RIB. The Pirelli Rib tire is designed for precise cornering with optimum front end stability and traction. Available for both lightweights and superbikes.

SUPERSPORT. The new MT 11 Supersport is a no-compromise, high performance road tread designed for the high temperature punishment of high speed highway riding. A tough B.M.S.S. tread compound delivers unparalleled traction and the longest tread life of any motorcycle tire made.

TRIALS AND SUPERCROSS. Superb off-road tires designed for the rigors of serious moto-cross and trials competition. The Pirelli Trials tires have set the standard in this field for several years, while the newly designed Supercross is becoming a familiar part of winning moto-cross machines, both in Europe and the U.S.

MOTOCROSS. An excellent trail and enduro tire, the Pirelli Motocross features directional lugs for sure traction. This design also affords better "cleaning" characteristics than other designs.

SEMI-KNOBBY. A dual-purpose tire that is both versatile and durable. Block tread delivers precise cornering and stability on the road, while doubling as a fine off road tire.

DIXON LUBRICANTS

DIXON SPEEDOMETER AND CABLE LUBE

Takes the hassle out of lubricating speedometer and control cables. One application leaves lubrication lasting for thousands of miles.

A-SL305

DIXON CHAIN OIL (TUBE)

Pocket sized tube is perfect for carrying in tool kit or saddlebag. Dixon oil with graphite lubricates and protects chain.

A-SL309

DIXON MOTORCYCLE CHAIN OIL

13 ounce aerosol can for competition or street machines. Leaves a special anti-friction compound which fully penetrates pins, plates, and rollers. Fortified with graphite for smooth and quiet running.

#A-SL301

DIXON CHAIN LUBE & CLEANER

13 ounce aerosol can does two jobs with one application; cleaning agent removes harmful grit from chain while a special lubricant penetrates pins and rollers.

SHOWA SUPER ACTION 96 SHOCK ABSORBERS

1/ SPECIALLY BONDED EYE BUSHING

2/ ONE PIECE ALUMINUM SPRING KEEPER

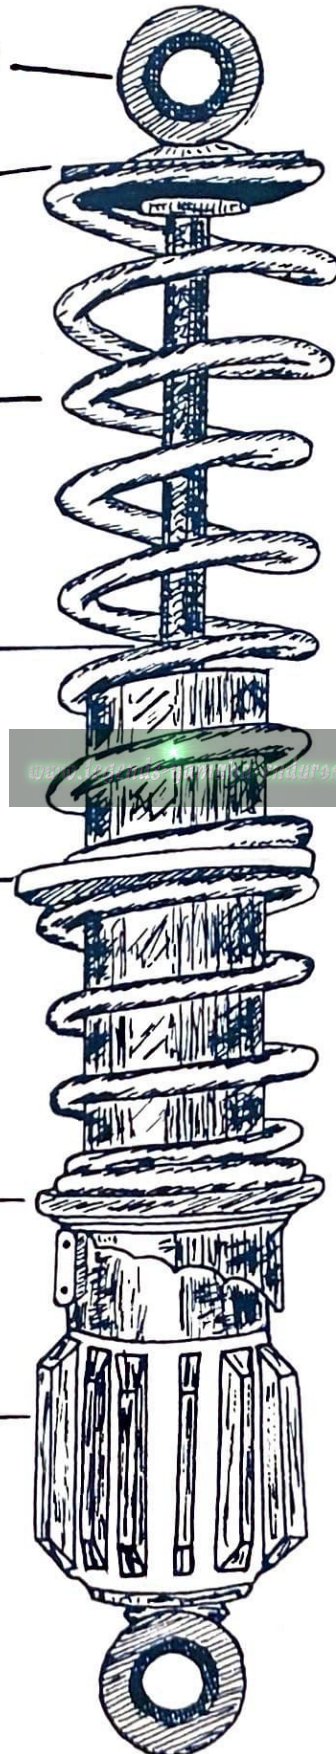

3/ TWIN, DUAL RATE SPRINGS

4/ ADJUSTABLE DAMPENING

5/ NYLON SPRING COLLAR

6/ 8 POSITION PRE-LOAD ADJUSTER

7/ UNIQUE OIL CIRCULATION WITH ALUMINUM COOLING FINES

The Showa Super Action 96 shock absorber is the first "works" shock to be offered to the American public. Features unique to the Super Action insure you maximum traction, cornering, and comfort for any application, especially moto-cross and off-road use.

Unique twin springs give a progressive action through the use of dual spring rates. Four way adjustable dampening allows you to tailor the shocks to any application. Eight positions of spring pre-load insure optimum spring rates.

Super Action shocks have a unique internal oil circulation which, in conjunction with external cooling fins, maintains a constant internal operating temperature. The result is a shock that retains its excellent dampening characteristics throughout hours of punishing riding.

Shocks are available in four different lengths, and are provided with eye bushings and spacers for different applications, as well as an adjusting tool for dampening adjustment. Springs are available in three different rates for each length, allowing for 96 possible applications for each shock absorber!

SOLE U.S. IMPORTERS AND DISTRIBUTORS OF BENELLI MOTORCYCLES / PIRELLI TIRES / AGV AND COSMO HELMETS

Cosmopolitan Motors' new 68,000 square foot, one story building is one of the largest facilities in the country devoted to motorcycles, mini-bikes and accessories. It has a 6 car rail siding and is located 5 minutes from the Willow Grove exit of the Pennsylvania Turnpike, just north of Philadelphia.

"Cosmo" is the U.S. distributor of Benelli motorcycles and mini-cycles, Pirelli tires, AGV helmets and other well known motorcycle accessories. They have been in the motorcycle business since 1949.

Modern facilities such as a computerized invoicing center help to provide fast, efficient service which is personally provided by the accessories and shipping departments. Other features include a photography studio, a complete training center, and advanced racing and experimental department and a dynamometer room.

Every effort is made to ship orders the same day as received. For quality cycle accessories at budget prices . . . go Cosmo!
